## RESOLUTION.

### Tariffs.

The Report of the Special Tariff Board which was appointed on 10th September 1935 to investigate the adequacy of the protective duties applicable to cotton and artificial silk fabrics and to cotton yarns of British manufacture is published to-day for general information. The Government of India are impressed with the fairness and impartiality with which the Board has approached a most difficult problem and they accept without qualification the findings of the Board, namely :—

(a) that the duty on plain grey cotton piece-goods should be reduced from 25 per cent *ad valorem* or 4½ annas per lb., whichever is higher, to 20 per cent. *ad valorem* or 3½ annas per lb. whichever is higher;

(b) that the duty on bordered grey, bleached and coloured piece-goods (other than prints) should be reduced to 20 per cent. *ad valorem*; and

(c) that the duty on cotton yarns should remain unchanged.

They agree also with the Board that in the absence of evidence as to the nature and extent of competition between imports from the United Kingdom of printed cotton goods and artificial silk manufactures and the products of the Indian Cotton Mills, no finding as to the adequacy of the existing duties on such imports is possible and they do not propose therefore to disturb the level of these duties.

2. It had been hoped that it would be possible, in accordance with the statement made by the Hon'ble the Commerce Member in the course of the debate on the 1934 Textile Protection Bill, to give effect to the recommendations of the Board shortly after the expiry of the Mody-Clare Lees Agreement on which the existing duties were based. Unexpected difficulties, however, delayed the submission of the Report and the Government of India have therefore decided to give immediate effect to the recommendations of the Board by a notification under Section 4 (1) of the Indian Tariff Act which issues to-day.

3. In taking the decision outlined above the Government of India have given the fullest consideration to the possible reactions of the reduction of duties on customs revenue and the budgetary position. It has already become clear that with the continuance of the present uncertainty as to the future level of the cotton textile duties, the revenue from imports of British Cotton piece-goods must fall far short of the amount included in the current estimates. The interests of the revenue required an early termination of this uncertainty and the Government of India are satisfied not only that the yield of the duties at the present level will not be appreciably less in the current year than it would have been if the former duties had been continued but also that there is no reason to anticipate that in future years revenue will be deteriously affected.

Order :—Ordered that a copy of the above Resolution be communicated to all Local Governments and Administrations; all Departments of the Government of India, the Director-General of Commercial Intelligence and Statistics; the Central Board of Revenue; the Indian Trade Commissioners; London, Hamburg and Milan; the Secretary, Tariff Board; the High Commissioner for India, London, His Majesty's Trade Commissioner in India; The Canadian Trade Commissioner in India; all the Chambers of Commerce and Associations; the French

Trade Commissioner in India, Burma and Ceylon; the Secretary, Imperial Council of Agricultural Research and the Chief Controller of Stores, Indian Stores Department.

Ordered also, that it be published in the Gazette of India.

H. Dow,  
Additional Secretary to the  
Government of India.
